The Vineyard

The Große Gewächse represent the absolute peak of our range of dry wines. They are the only dry single site wines produced from the ABTSBERG and HERRENBERG and express the terroir and typicity of both grand crus with absolute precision.

Both wines are built around a saline minerality and minimalist sensibility. Fruit and concentration never take center stage. We instead focus fully on elegance, refinement and harmony. Like all the world's truly grand wines, they benefit tremendously from extended bottle aging.

Tasting Notes

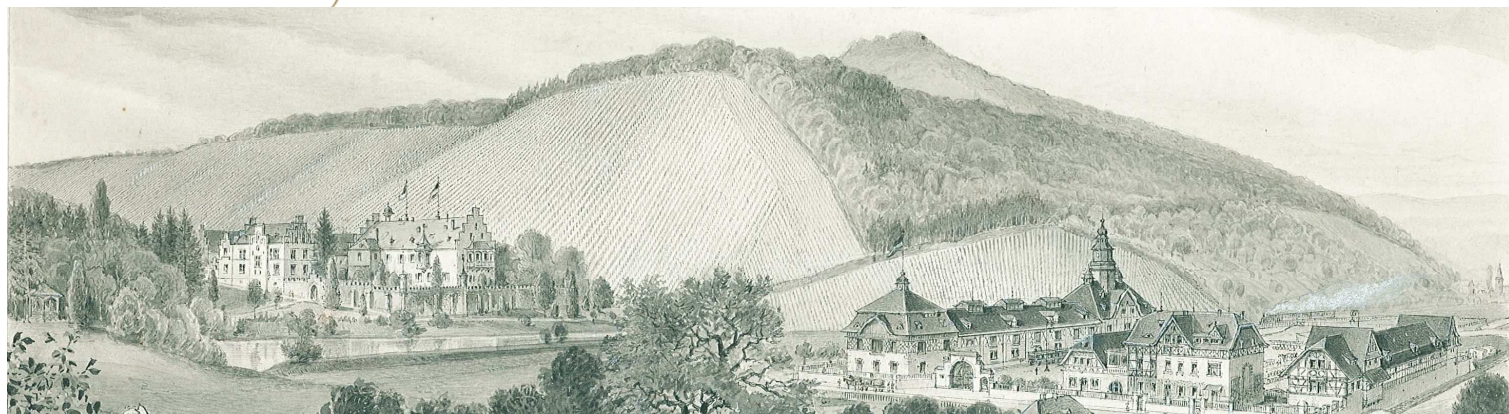

The Bouquet is dominated by flavours of ripe apples, red cassis and fresh citrus fruits with hints of fresh herbs and slate spice. On the palate percise with great juice and vibrating texture. The intense minerality in combination with the classic Ruwer acidity makes every mouth literally watering.

Food Pairing

Perfect with high class steak and heavy pasta dishes.
